Met Office Aberdeen Meteorologist's View
Nothing to add.

Forecast for Friday 06 May 2022
Weather: Widespread early morning overcast skies and locally heavy rain become drier with bright spells from the morning. The afternoon will however become overcast with periods of rain for a time, this clearing to dry conditions with clear periods from the evening.

Maximum wind: Southwesterly 35 gusts 45 mph becoming 15-20 mph later.

Chance of cloud-free hill tops above 800m: 20% early morning and afternoon otherwise 40% increasing 60% later.

Low Cloud and visibility: Poor in cloud down to 500 to 800m in the early morning and afternoon. This cloud is likely to lift and break off all summits from the evening. Visibility will be very good once the cloud clears.

Temperature: **Glens:** Plus 8 rising to 11 Celsius
At 800m: Plus 6 Celsius
Freezing level: Above summits.
